

Curriculum Vitae

Irene Schiavetti

Biostatistician and Clinical Data Manager

Hippocrates Research; Genova - Italy

CV updated on 18.03.2019

Education

April 2016 – PhD in Epidemiology and Prevention – Biostatistics and Molecular epidemiology of chronic and degenerative diseases (University of Genoa)

December 2012 - July 2011 – School of Specialization in Medical Statistics and Biometry (2 years for a total 5) (University of Milan)

July 2011 – Professional qualification – Biologist (University of Genoa)

March 2011 – Master’s degree in Biological Sciences, *110 cum laude/110* (University of Genoa)

March 2006 – Bachelor’s degree in Biological Sciences, *110 cum laude/110* (University of Genoa)

July 2000 – High level school, *78/100* (Scientific School M. Luther King)

Professional experiences

April 2015 – actual date

Hippocrates Research

Biostatistician and Clinical Data Manager

Main responsibilities:

Involvement in data management activities: CRF (paper and electronic) design, data definition and database design, study setup (validation rules for clinical data management system and testing), data cleaning, discrepancies management (manual and automatic data checks), MedDRA and ATC coding, quality control audits of CRF data against database values, database lock and unlock. Redaction of data management documents.

Involvement in biostatistics activities:

- *Sample size calculation during the study design and draft of clinical study protocol;*
- *Suggestion of the appropriated input and statistical approaches for meeting clinical study endpoints;*
- *Draft of the Statistical Analysis Plan (SAP);*
- *Release of statistical analysis as per SAP;*
- *Writing and reviewing the Clinical Study Report (CSR), and other manuscript submitted for publication of the study results (with particular focus on the statistical methods and results sections).*

If statistical analysis has to be outsourced, collaboration with the external study biostatistician and with the study programmers, in order to verify that all the planned activities are realized. Redaction or archival of statistical documents.

Curriculum Vitae

Irene Schiavetti

Projects assigned:

Ongoing:

- March 2019 – Actual date:** *Data management for Dermatology Phase II study (Acne)*
- March 2019 – Actual date:** *Supporting to the external biostatistician for Dermatology Phase I study (Acne)*
- March 2019 – Actual date:** *Data management for a study on a dietary for inflammatory bowel disease (IBD)*
- February 2019 – Actual date:** *Supporting to the medical writer for drafting and submitting a paper on nutraceutical product study for depression*
- May 2016 – Actual date:** *Data management and Statistical analysis for observational study – Hematology (Hemophilia B)*

Completed:

- January 2019 – March 2019:** *Medical review of published scientific articles on multiple sclerosis*
- September 2015 – March 2019:** *Biostatistician, data management and redaction of Clinical Study Report for medical device study – Dermatology (Ulcer treatment)*
- May 2018 – January 2019:** *Supporting to the external biostatistician and redaction of Clinical Study Report – post marketing study on respiratory infections*
- May 2018 – December 2018:** *Data management on nutraceutical product study for depression*
- February 2018 – November 2018:** *Redaction of Clinical Study Report with appendix for – Dermatology Phase II study (Acne)*
- November 2016 – May 2018:** *Biostatistician and data management for Dermatology (Ulcer treatment with medical device) data collection*
- November 2017 – January 2018:** *Data Management and Statistical analysis on data collection on psoriatic arthritis*
- April 2015 – August 2017:** *Data management for observational study – Neurology (Epilepsy)*
- January 2016 – December 2016:** *Data Management and Statistical analysis (with final paper publication) on data related to Rheumatoid Arthritis*
- July 2016 – September 2016:** *Data Management and Statistical Report release on data related to Rheumatoid Arthritis*
- September 2015 – June 2016:** *Data Management for medical device study – Ophthalmology (Dry eye)*
- November 2015 – February 2016:** *Quality control activity related to query data entry for a phase III study - Haemato-oncology (Multiple myeloma)*
- September 2015 – June 2016:** *Data Management and Statistical analysis for medical device study – Dermatology (Acne)*

Curriculum Vitae

Irene Schiavetti

April 2015 – March 2016: *Data Management and partial Statistical analysis for observational study – Dermatology (Psoriasis)*

April 2015 – March 2016: *Data Management and partial Statistical analysis for observational study – Gastroenterology (Crohn's disease)*

April 2015 – September 2015: *Data Management for phase IV study – Urology (Prostatitis) Data entry support and query resolutions for a phase III study - Haemato-oncology (Multiple myeloma)*

Professional experiences

January 2013 – January 2016 **University of Genoa**
PhD in Epidemiology and Prevention (Biostatistics)

Main responsibilities: *Medical Statistics applied to clinical research*

Assigned projects: *Systematic Review and Meta-Analysis: Autologous Hematopoietic Cell transplantation in Multiple Sclerosis*

Professional experiences

October 2013 – April 2015 **Biostatistician and clinical data manager consultant (freelance)**

Main responsibilities: *Support in several activities regarding data management and biostatistics, both for physicians (University of Genoa and private practitioners) and for CRO (Hippocrates Research), to carry out research projects*

Professional experiences

November 2013 – November 2014 **FISM - Fondazione Italiana Sclerosi Multipla and Department of Neuroscience, Ophthalmology and Genetics, University of Genoa**
Data Management and monitoring

Main responsibilities: *Data Management and monitoring of the clinical study, participation and intervention at Steering Committee, regular updates on enrolled patients*

Assigned projects: *MeSEMS Clinical Trial - MEsenchymal StEm cells for Multiple Sclerosis – II phase clinical trial*

Professional experiences

March 2014 – March 2014 **University of Genoa**
Teaching

Main responsibilities: *Teaching support “Statistical methodology” for degree nursing and Obstetrics*

Assigned projects: *“Statistical methodology: Biomedical innovations and research in nursing and obstetrics*

Curriculum Vitae

Irene Schiavetti

Professional experiences

2012 – 2013 *Middle and secondary schools in Genoa and province*
Teaching

Main responsibilities: Teacher for Science and Mathematics

Professional experiences

September 2012 – December 2012 *Istituto Zooprofilattico Sperimentale Piemonte, Liguria e Valle d'Aosta*
Scholarship for Biologists Degree

Main responsibilities: Laboratory activities, work activities coordination and support in project management

Assigned projects: Food safety in seafood products: study of the problems of traceability and risk communication in relation to the presence of mercury

Professional experiences

January 2012 – February 2012 *Istituto Zooprofilattico Sperimentale Piemonte, Liguria e Valle d'Aosta*
Provision of intellectual science work

Main responsibilities: Laboratory activities, work activities coordination and support in project management

Professional experiences

November 2008 – November 2011 *Istituto Zooprofilattico Sperimentale Piemonte, Liguria e Valle d'Aosta*
Scholarship for Biologists Degree

Main responsibilities: Laboratory activities, work activities coordination and support in project management

Assigned projects: Food safety in seafood products: study of the problems of traceability and risk communication in relation to the presence of mercury

Professional experiences

October 2008 – November 2008 *Science Festival*
Scientific animator

Main responsibilities: Scientific animator for the traditional Chinese medicine pavillon

Curriculum Vitae

Irene Schiavetti

Professional experiences

July 1998 – August 1998 **Restaurant pizzeria, Fussen, Germany**
Waitress and bartender

Main responsibilities: Waitress and bartender
